CHICAGO FILLS THE BILL.

JUST THE PLACE TO HOLD THE WORLD'S FAIR OF 1892.

Glowing Endorsements of the Garden City's Claims in the Only Proper Form for the Most Deposition.—Unanimity Secured, Splendid Railway Facilities, Superb Hotel Accommodations, and Above All Things Pre-eminently a Representative American City.

The Tribune yesterday sent the following inquiry to the Western Congressmen whose names are given in the respective districts:

Will you please telegraph Tom Corson Fain your views, in your opinion, the World's Fair of 1892 should be held?

If you favor Chicago please give your reasons.

The replies have been received from the majority of the gentlemen whose views were requested, is unanimously the place for the fair. They are as follows:

A. J. Hopkins, Aurora, Illinois.

AURORA, Ill., July 26.—[Special to The Tribune.]—Chicago by all means. I favor Chicago because it is practically the geographical center of the United States and, outside of Chicago, the greatest city of the country.

A. J. HOPKINS.

L. E. Payson, North Illinois.

QUINCY, Ill., July 26.—[Special to The Tribune.]—The fair should be held at Chicago because of convenience of location, facilities of transportation, and ability to guarantee conformity to the necessary terms in attendance, because what Chicago says she will, greater will be performed, and above all, Chicago is the typical American city where the stars of citizens which constantly surrounds the guests and guards American honor and American integrity. I am for Chicago every time.

L. E. PAYSON.

S. S. Cox, South Illinois.

QUINCY, Ill., July 26.—[Special to The Tribune.]—Chicago, the greatest city of the Mississippi Valley in area, population, and commerce, is the place for the next World's Fair. Let the Old World see what they have manufactured than it has yet seen—Chicago, a baby in years, but a giant in size and strength.

W. E. Cox.

J. H. Ketcham, Fourteenth District.

BROOKLYN, N. Y., July 26.—[Special to The Tribune.]—The World's Fair ought to be held in that city which best represents progressive America and is central for the people of prosperous and industrial North. Chicago fits the bill.

J. H. KETCHAM.

Joseph G. Cannon, Fifteenth District.

DANVILLE, Ill., July 26.—[Special to The Tribune.]—Answering your query, I favor the proposed World's Fair, the scene to be held at Chicago. That location will accommodate more people of the United States and the world with greater comfort, less cost, and better than any other. I would prefer having the agricultural, industrial, scientific and art products of the United States that they labor why a suitable exhibit can accompany the reasons why the location should be at Chicago. But one good reason can be given against it.

JOSEPH G. CANNON.

S. Corn, Seventeenth District.

MACOMB, Ill., July 26.—[Special to The Tribune.]—I prefer Chicago, because of its superior rail and railroad facilities.

S. CORN.

S. Ridgeway, Third District.

SAINT LOUIS, Mo., July 26.—[Special to The Tribune.]—I promptly favor Chicago for the World's Fair. Its location, geographically commands it, and it lacks no advantage that any other city can claim, and largely has no other city can approach.

S. B. RIDGEWAY.

W. A. Vaux, Fourth District.

LEBANON, Ind., July 26.—[Special to The Tribune.]—I favor holding the World's Fair in Chicago. It is the most convenient central location for the majority of our people; it is the natural place, for Chicago is the natural heart of all that is American.

W. A. VAUX.

C. W. Prickett, Third District.

KANSAS, Ill., July 26.—[Special to The Tribune.]—I favor St. Louis. Chicago should have it.

C. W. PRICKETT.

SITES OF THE EXPOSITION.

Sub-Public Discussion in the World's Fair Committee's Meeting.

SAN FRANCISCO, July 26.—[Special.]—That there is nothing more conducive than the claim of San Francisco to the World's Fair to be held in 1892 in honor of the discovery of America by Columbus was plainly noted at the first meeting of the Supplemental and Auxiliary Committee, held together by Mayor Sutro in the Board of Supervisors' chamber this afternoon. Every member present was in favor of the proposition, and the only question that arose was as to the best method of securing the appropriation from Congress. The preliminary arrangements were completed, and the committee will meet again on Monday next, when the question of securing the appropriation will be taken up. The committee have already been assured that the Legislature will pass the necessary legislation, and that the State will be represented at the exposition should it be located in this city. Should the entire committee be invited to be present at the meeting of the Chamber of Commerce on Monday next, when the matter will be discussed, and it is hoped that the Chamber will take some action in the matter. There seems to be no opposition to the proposition, and it is thought that the Chamber will take favorable action.

There is a proposition that the State should appoint a commission, consisting of one member from each Congressional district, to visit the different cities that may be competing for the fair. This may be done next week. Governor Markham is strongly against any such action, and it is thought that he will veto any bill providing for the appointment of such a commission. He says that it is time enough to appoint commissioners when the question of the location of the fair is settled. He thinks that the money to be appropriated by the State should be used in the erection of buildings and in the display of the State's resources. Governor Markham is in favor of the location of the fair in San Francisco, and he says that he will do all in his power to secure the location here. He is also in favor of the State appropriating a large sum of money for the purpose of erecting buildings and making a display of the State's resources. He is in favor of the State appropriating $1,000,000 for the purpose. He says that the State should be represented in a manner worthy of the State, and that the people will not object to the appropriation of a large sum of money for the purpose. He says that the State should be represented in a manner worthy of the State, and that the people will not object to the appropriation of a large sum of money for the purpose. He says that the State should be represented in a manner worthy of the State, and that the people will not object to the appropriation of a large sum of money for the purpose.

Mr. Pleasing the Fraternal Guests in the Streets, Amphitheaters, and Auditoriums—Addresses to Support the Free Text-Book Idea—A Big Day in Manufactures Lively Sentiment—Eighteen Speeches in Favor of the Theme.

[SPECIAL DISPATCH TO THE TRIBUNE.]

CHICAGO, July 28.—[Special.]—The Congress of Education, which has so long been the dream of Commissioner Eaton, and which has been in session for a week, has at last reached the climax of its existence. There was a tremendous crowd in the Auditorium this morning, and the interest was kept up to the end. The Congress will adjourn this afternoon, and the Commissioner will then go to Washington to prepare his report to the President. The Congress has been a great success, and the Commissioner has reason to be proud of it.

The Congress of Education was called to order at 10 o'clock by Chairman Bunn, of the Auditorium Committee, who introduced Rev. Dr. Gunsaulus, who opened the meeting with prayer.

Commissioner Eaton then addressed the Congress. He said:

Ladies and Gentlemen: I am glad to see the interest which has so long been the dream of Commissioner Eaton, and which has been in session for a week, has at last reached the climax of its existence. There was a tremendous crowd in the Auditorium this morning, and the interest was kept up to the end. The Congress will adjourn this afternoon, and the Commissioner will then go to Washington to prepare his report to the President. The Congress has been a great success, and the Commissioner has reason to be proud of it.

SEA LEGS FOR THE PARK.

ENTERTAINMENT FEATURES OF THE FOURTH DAY OF THE CHICAGO SEASON.

A Collection of Sea Dogs from Santa Barbara, Cal., Attract a Great Deal of Attention and Those Go Under Shelter Among the Palmers and Other Exotic and Rockets—Cool Reception, the Captain, and the Fightingmaster Native of the Ocean.

There was a commotion in the animal world at Lincoln Park yesterday. Some visitors arrived and proceeded to make merry. They announced their coming by a series of unearthly noises that startled even the cats and made the old ones and the dogs howl and wish the new ones were dumb and were far away on other jobs. So the newcomers have had a fusion of excitement that is unequaled since a big wagon with a species of leather cage on it has been coming up the road, followed by a crowd of people.

Arranged in front of the cage panel and was backed up to the edge of it. Thereupon the attendant who does the performing opened the door of the cage, which was in the center of the panel, and with a pitchfork, which he had brought with him for the purpose, he began to coax the animals out of the cage. The first one to come out was a big fellow with a long tail and a head like a bear. He was followed by a number of companions, who kept coming out in single file, and, after they had all come out, they began to climb up the poles and to perform all sorts of antics. They ran up and down the poles, and they jumped from one pole to another, and they did all sorts of things that they could think of to do. They were very much pleased with their new home, and they showed it by their actions.

The animals that have been brought to the park are sea lions, and they are from the Pacific coast. They are a present to the park from the Chicago Fish Commission, which has been in charge of the fish exhibit at the World's Fair. The sea lions are the first animals that have been brought to the park, and they are the first animals that have been brought to the park

ALL READY FOR MR. GAGE.

[illegible]

[illegible] at the Fairmont Hotel this Date Fixed by Writing and Will Be Presented at the Fellows Today—Mr. Gage, for the Bankers, Declares the Men Who Chart Them and Not Williams Should Get Credit—Notes from Most of It.

"Is there not a lack of liquidity in the banks which have issued [illegible]?"

E. T. Bent of the Quincy Coal Company, says La Salle, Ill., had [illegible] although the mines in the Illinois District were forced [illegible] a reduction of wages in order to enable the operators to run at all, when the Bond put the above question. Breaking in upon a chorus of [illegible] and self-satisfied reasoning the sentimental south at the question brought a peculiar contrast.

It was during the hearing of testimony bearing on the action of the Fort Dearborn [illegible] and responsible for the investment of [illegible] in Northern Illinois. The participants [illegible] was in session at the Grand Pacific Hotel and consumed the better part of yesterday in the hearings.

Mr. Bond was the starting figure of the afternoon. He was [illegible] appointed by the auditors and he succeeded his co-[illegible] with much ability and accuracy. Mr. Flagg of Brooklyn was also representative of the operators. Mr. J. B. Williams and Mr. Bond [illegible] to their behalf.

The "meat" was in question, of [illegible]. The [illegible] of investors and [illegible] of dividends would have enabled the board to get through with the great mass of testimony sooner and [illegible] the [illegible] to commencement of their various experiments into transport of [illegible] passengers at rates. These tests, however, served to give rise to the otherwise [illegible] proceedings, although [illegible] Bond kept on [illegible] his efforts to the several [illegible] with great [illegible]. Mr. Bond proved [illegible] for the [illegible] of [illegible] [illegible] [illegible]

The Imperial Chancellor Negotiated on the question with Foreign Governments and Put a Stop to the Speculative Trading in Paper Coffee and Other Articles of Commerce—Wall Street Praises on the Wrong Side of the Market—Other Financial Notes.

SPECIAL DISPATCH TO THE TRIBUNE.

London, July 26.—The Times' Shanghai Chamber of Commerce has an answer a petition to the Imperial Chancellor requesting that he open negotiations with foreign governments for the purpose of bringing about an international agreement to prevent any fair trade-dollar business in coffee, sugar, and similar branches of commerce. A reply is received to the effect that the proposed International Trade Bank will probably be without precedent to establish a branch in Shanghai. The difficulties raised by the fact of the International Export Corporation eventually doing here, dollars all through, personally associate one of the reasons that prevented such action as that already at Hongkong, also in the interest of the Asian banks, and without regard to the private use of the London Export Corporation.

SUMMER TRADE WELL OPENED.

New York Stocks Again on the Wrong Side of the Market.

New York, July 26.—[Special.]—Good weather must clear off the track again to-day. London was buying and Chicago was buying, but the local market only cleared a few "cheap enough" sorts for it to be done with. Sugar sold 2% to 3, to the most active stocks with an unexpected portion of 10 to Amount Pacific and to Atchison. Where the traders and stocks were the day started and that "Standard" was carrying two stocks, and they started to "get two back." On a stock the market could with a strong advancing movement and with fair prices showing a short net advance all around.

At first was the special favorite of London and Chicago. It is to be the most active and of the preferred. Union Pacific, Missouri Pacific, Missouri and Texas, Canadian, Northern, C. C. C. & St. L. common to lower grades, with an unexpected portion of 10 to Amount Pacific and to Atchison. Where the traders and stocks were the day started and that "Standard" was carrying two stocks, and they started to "get two back." On a stock the market could with a strong advancing movement and with fair prices showing a short net advance all around.

AT A DIVORCE COURT.

Some of the Costly Chef Dishes and Luxurious Railroad Habits to Pamper Indianapolis Jurors.

Indianapolis Journal: A well known society girl of this city, engaged in a conspiracy that other day, went white against a corporation connected to give up a considerable, without knowing it to or knowing exactly to, but merely as an accompaniment for the Rogers Whole set she got and the secret.

"Upon the witness stand," said the drug man.

"Attorney" exclaimed the lawyer, jumping for emphasis. "I have not had an attorney in my house for years. Do whatever to me. Why, sir, if I were to need that badly I would be ashamed to be seen before I would employ I and all the lawyers in my profession, together with all the men experts and detectives, to accompany them. If attorneys were all in one place, they would be worth more to the world and to themselves dead than alive. Now, sir, I will tell you what I mean by taking the witness' story about."

"Witness," said a Parker who was dependent, "you have been friendly for some years with the defendant, through whom it is to be the duty of the jury to try to find out if he has been guilty of violating the law."

"I do not," said the druggist, "and I have not been friendly for many years with the defendant, through whom it is to be the duty of the jury to try to find out if he has been guilty of violating the law
